Introductory

The present volume for the year 1938 is the sixtieth edition of Henderson's Directory of Winnipeg, the first being published in 18 8.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 255 to 280 and contains data concerning City Provincial and Federal Government offices, commercial organizations and military organizations.

THE STREET AND AVENUE GUIDE gives the names of all streets and avenues arranged alphabetically, showing the location, number on the street and name of the occupant. The intersecting streets are shown in the order that they come.

The BUYERS GUIDE occupies pages 1 to 38. This section of the Directory, printed on colored paper, includes numerous classified lists of the leading manufacturing businesses and professions. A casual perusal of these advertisements will point out many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of [illegible] is [illegible] and the [illegible] appreciation of this need is [illegible] to be [illegible] generally [illegible] by buyers of many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations occupies pages 609 to 1260.

THE CLASSIFIED BUSINESS DIRECTORY commences at page 1261 and exhibits by various trades, professions, manufacturers and professional names compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING WINNIPEG

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the life of the place, properly and [illegible] to appraise it and information regarding the city broadcast over the country, the publishers have placed copies of this issue of the directory in [illegible] where they may be readily available for reference and use by the public. There they serve as perpetual advertisements of Winnipeg, for business and the [illegible] of all the City Directory represents the community as it really is.

POPULATION GREATER WINNIPEG 310,175

The Directory is compiled from information secured on the actual canvass of individuals, names, [illegible] and occupations of each family. The publishers have spared no pains or expense in the preparation of this Directory which contains many thousands of names not to be found in any other publication. The Winnipeg Directory covers considerable territory beyond the boundaries of the city proper, which is necessary in order that the names of all people employed or who purchase in Winnipeg may be obtained.

Respectfully, The Publishers.

HENDERSON DIRECTORIES LIMITED

HUDSON'S BAY COMPANY HISTORICAL EXHIBIT

The Historical Exhibit of the Hud-
son's Bay Company's Store on Portage
Avenue is one of the finest private
collections of Western
material in Canada. The visitor, on
entering, comes upon a moving ex-

passing slowly in review behind a
small apparatus.

First comes an English countryside of
1670, next a sailor of the period, the
a fur-trader, then an Indian with a
skin, and so on, passing
h the strife and onto with the
North West Co. Simpson's regime
and the surrender of the West up to
the final scene which depicts a mod-

by an issue of trade goods referred

North West Co. and the reign of
Sir George Simpson.

This begins the fifty-year period of
monopoly during which the Company
rose to its greatest power and the
story widens out into the vast terri-

More than ninety per cent. of all advertising mediums are discarded before they're a year old

After the new ones come out your advertisement in the directory is still good, for old directories are seldom discarded while they hold together. Years later many of these directories will still be in active use. Your advertisement is still in service
